

10 WAYS

TO BE MORE CREATIVE

break through

1.

Start a “good idea” file to save cool ideas/articles you come across.

2.

Change your POV – literally – by rearranging your workspace for a fresh new perspective.

3.

Take a Different Route Home.

Switch up your routine with some fresh new scenery, soak in the newness and see what you might have been missing all along.

4.

Get outside. Do a walking meeting or host a meeting at a new location that isn't in a conference room!

5.

Be a Local Tourist. Visit nearby landmarks and tourist destinations and stop at a local museum or art gallery for creative inspiration.

6.

Read *Creativity, Inc.: Overcoming the Unseen Forces that Stand in the Way of True Inspiration*, by Pixar president Ed Catmull.

7.

Host a “Blue Sky” brainstorm. Just because.

8.

Color your world. Grab markers, bright post-its and folders to jazz up your desk.

9.

Eat somewhere new. Try a new coffee shop, lunch spot or happy hour location to shake up your daily routine.

10.

Get Classy. Sign up for an improv class, cooking class, or anything that gets you outside your comfort zone.
